

Belgian Malts that Make Your Beer So Special

SPECIFICATION

CHÂTEAU PEATED Crop year 2018

Parameter	Unit	Min	Max
Moisture	%		4.5
Extract (dry basis)	%	81.0	
Extract difference fine-coarse	%	1.0	2.5
Wort color	EBC(Lov.)		3.5 (1.9)
Total protein	%		11.7
Soluble protein	%	3.5	4.4
Kolbach index	%	35.0	45.0
Viscosity	cp		1.6
Beta glucans	mg/l		250
pH		5.6	6.0
Diastatic power	WK	250	
Friability	%	80.0	
Glassiness (whole grains)	%		2.5
PDMS			5
Filtration			Normal
Saccharification	Minutes		15
Clarity of wort			Clear
Calibration: - above 2.5 mm	%	90.0	
Calibration: - rejected	%		2
Phenols	ppm	5	10

Features

Treated by being smoked during kilning over a fire made from Scottish peat moss.

Characteristics

Imparts a distinctive smoky, spicy aroma and flavour, typical for classic German beer styles. Smoked beer brewed with Château Peated malt tastes like a forest fire - but in a good way!! It has a rich head and a mouthfeel similar to sparkling ale.

Usage

Scottish ale, porters, smoked beer, special beers. Recommended proportion: up to 10% of the mix.

Storage and Shelf life

Malt should be stored in a clean, cool (< 22 °C) and dry (< 35 RH %) area. If these conditions are observed, we recommend using all whole kernel products within 24 months from the date of manufacture and all milled products within 3 months.

Packaging

Bulk; Bulk in Liner Bag in Container; Bags (25kg, 50kg); Big Bags (400 - 1 250kg) All types of packaging – in 20' or 40' containers for export.

IMPORTANT

All our malts are 100% traceable from barley field through all stages of malting process up to the delivery applying and respecting Regulation EC/178/2002 of the European Council regarding traceability.

All our malts are produced using the traditional process of over 9 days, a solid warranty of high modification of the grain and real top quality of premium malts.

Neither of our malts contains any genetically modified organisms as defined by European Directive 2001/18/EC, which means that all our malts are GMO FREE guaranteed.

All our malts are manufactured in strict conformity with the internationally accepted requirements HACCP (Hazard Analyses of Critical Control Points) currently in force and the ISO 22000 Food Safety Management System.

All our malts conform to EU and International regulations regarding the maximum allowable residues of pesticides, herbicides, fungicides, insecticides, as well as traces of mycotoxins and nitrosamines.

All our malts are transported only by GMP-certified transporters.

You can see and print the results of the analysis of the malts delivered to you directly on our site www.castlemalting.com
