

Belgian Malts that Make Your Beer So Special

SPECIFICATION

CHÂTEAU VIENNA NATURE Crop year 2023

Parameter	Unit	Min	Max
Moisture	%		4.5
Extract (dry basis)	%	80.0	
Extract difference fine-coarse	%	1.5	2.5
Wort color	EBC(Lov.)	4.0 (2.1)	7.0 (3.2)
Total protein	%		11.5
Soluble protein	%	3.5	4.6
Kolbach index	%	37.0	46.0
Viscosity	cp		1.6
pH		5.6	6.0
Diastatic power	WK	250	
Friability	%	80.0	
Glassiness (whole grains)	%		2.5
Filtration		Normal	
Saccharification	Minutes		15

Features

Belgian Vienna Nature base malt. Lightly kilned at up to 85-90°C with shorter "cure" duration.

Characteristics

Imparts a richer flavour of malt and grain than Pilsen malt and adds subtle aromas of caramel and toffee. Château Vienna Nature malt is kilned at slightly higher temperatures than Pilsen Malt. As a result Château Vienna Nature malt gives a deeper golden colour to the beer increasing at the same time its body and fullness. Due to the higher kilning temperature, the enzyme activity of Château Vienna Nature malt is slightly lower than that of Pilsen Nature Malt. Nevertheless, our Château Vienna Nature malt has a sufficient enzymatic activity to be used in combination with large proportion of specialty malts.

Usage

All organic beer styles, organic Vienna lager. To enhance colour and aroma of light organic beers. Up to 100% of the mix.

Storage and Shelf life

Malt should be stored in a clean, cool (< 22 °C) and dry (< 35 RH %) area. If these conditions are observed, we recommend to use all whole kernel products within 24 months from the date of manufacture and all milled products within 3 months.

Packaging

Bulk; Bulk in Liner Bag in Container; Bags (25kg, 50kg); Big Bags (400 - 1,400kg). All types of packaging – in 20' or 40' containers for export.

Certification body: CERTISYS Av.de l'Eschime, 85 Schermlaan, B-1150 Brussels, Belgium, www.certisys.eu. The ORGANIC malt which we have supplied to you is produced by Castle Malting (Malterie du Château), duly authorized, as confirmed by the CERTISYS certificate at your disposal. CERTIFIED BY BE BIO 01.

IMPORTANT

All our malts are 100% traceable from barley field through all stages of malting process up to the delivery applying and respecting Regulation EC/178/2002 of the European Council regarding traceability.

All our malts are produced using the traditional process of over 9 days, a solid warranty of high modification of the grain and real top quality of premium malts.

Neither of our malts contains any genetically modified organisms as defined by Regulation (EC) No 1829/2003 of the European Parliament and of the Council, which means that all our malts are GMO FREE guaranteed.

All our malts are manufactured in strict conformity with the internationally accepted requirements HACCP (Hazard Analyses of Critical Control Points) currently in force and the ISO 22000 Food Safety Management System.

All our malts conform to EU and International regulations regarding the maximum allowable residues of pesticides, herbicides, fungicides, insecticides, as well as traces of mycotoxins and nitrosamines.

All our malts are transported only by GMP-certified transporters.

You can see and print the results of the analysis of the malts delivered to you directly on our site www.castlemalting.com
