### Description

A blond beer with a delicate aroma, perfect for people who are sensitive to the gluten contained in barley and wheat.

### Service:

Temperature: 4-6°C

### BREWER`S TIP

This beer has a lower level of Gluten, but it's not Gluten Free.

Buckwheat has low diastatic power and extracts yield, this has to be taken into consideration when it is used to brew beer.

This recipe is provided by Castle Malting®. Please note that this recipe is just a guideline. Some modification might need to be done to meet different technologies, efficiencies and ingredients yield as grain dry extract and hop alpha acid percentage.
