Belgian Malts that Make Your Beer So Special

SPECIFICATION

CHÂTEAU BLACK OF BLACK NATURE
Crop year 2023

Parameter	Unit	Min	Max
Moisture	%		4.5
Extract (dry basis)	%	72.0	
Wort color	EBC(Lov.)	650 (244.3)	950 (356.8)

Features
Unique organic roasted malt. Torrefied at up to 225°C.

Characteristics
This very special organic roasted malt offers a great advantage: Château Black Of Black Nature gives the beer the flavour and aroma typical of the traditional Black malt without intensifying the beer's colour. Imparts well-balanced and agreeable roasted notes to the finished beer. Now you can brew an amber-coloured beer with a more pronounced roasted character, which had not been possible until Castle Malting® created its unique technology for producing Château Black Of Black Nature.

Usage
From amber to very coloured organic beers, Stouts and Porters. Recommended max. proportion: 5% of the mix.

Storage and Shelf life
Malt should be stored in a clean, cool (< 22 °C) and dry (< 35 RH %) area. If these conditions are observed, we recommend using all whole kernel products within 24 months from the date of manufacture and all milled products within 3 months.

Packaging
Bulk; Bulk in Liner Bag in Container; Bags (25kg, 50kg); Big Bags (400-1 250kg)

CERTISYS Certification body: CERTISYS Av.de l'Escrime, 85 Schermlaan, B-1150 Brussels, Belgium, www.certisys.eu. The ORGANIC malt which we have supplied to you is produced by Castle Malting (Malterie du Château), duly authorized, as confirmed by the CERTISYS certificate at your disposal. CERTIFIED BY BE BIO 01.

IMPORTANT
All our malts are 100% traceable from barley field through all stages of malting process up to the delivery applying and respecting Regulation EC/178/2002 of the European Council regarding traceability.

All our malts are produced using the traditional process of over 9 days, a solid warranty of high modification of the grain and real top quality of premium malts.

Neither of our malts contains any genetically modified organisms as defined by Regulation (EC) No 1829/2003 of the European Parliament and of the Council, which means that all our malts are GMO FREE guaranteed.

All our malts are manufactured in strict conformity with the internationally accepted requirements HACCP (Hazard Analyses of Critical Control Points) currently in force.

All our malts conform to EU and International regulations regarding the maximum allowable residues of pesticides, herbicides, fungicides, insecticides, as well as traces of mycotoxins.

All our malts are transported only by GMP-certified transporters.

You can see and print the results of the analysis of the malts delivered to you directly on our site www.castlemalting.com
