Raw roasted barley. Torrefied up to 230°C. The length of roasting time determines the darkness of the grain.

Karakteristika

Château Roasted Barley is a highly roasted barley that imparts a burnt, grainy, coffee-like flavor to your beer. It has many characteristics of Château Black malt, though it is far more complex. It actually has some starch that can be converted during the mash, thus impacting the specific gravity. Château Roasted Barley will also lend to the sweetness of the beer. If compared to Château Chocolat and Château Black malts, roasted barley produces the lightest colored head. Imparts a deep red mahogany color to beer and very strong roasted flavor. Gives dryness to Porters and Stouts.

Usage

Stouts, Porters, Nut Brown Ales, and other dark beer styles. 2-4% in Brown ales, or 3- 10% in Porters and Stouts
